

May 1, 2005

Dear Dr. John D. Enderle,

Our team, TeamERGO, from the University of Wisconsin-Madison has been working on our accessible ergometer for the past two semesters. We would like to submit our work to you for full consideration in the 2004-2005 National Design Competition. All of our work can be presently viewed at <http://homepages.cae.wisc.edu/~bme301/ergometer/>. The website includes biographies of the group members, photos of the accessible ergometer, video clips of the ergometer in action, all documentation regarding human subjects testing and results, the compilation of all written documents over the past two semesters, and our poster used to present our findings to the University community.

Thank you for allowing us, TeamERGO, to compete in the second year of the design competition and we look forward to hearing back from you in the future.

Best regards,

Jon Millin  
Team Leader

Prof. Justin Williams  
Team Advisor
